## Full Motorised Video Smart Lock

WOODEN DOOR SECURITY DOOR

-  Video
-  Li-ion Battery
-  Full Auto

## Celtech Smart Doorlock

### Security starts at your front door

Our smart doorlock gives you a peace of mind by letting you monitor who goes in and out of your home while you're away. You can also set temporary passcodes for visitors, or even remotely unlock your door to let someone in.

Our doorlock comes with 128bit-AES Encryption to prevent hackers from entering your home.
